

ANNUAL REPORT

Foundation for
Pavement Preservation

MISSION STATEMENT

To continuously improve the quality and understanding of pavement preservation technologies through education, research, public-private partnering, and international exchange.

THANK YOU...

ACCOMPLISHMENTS 2002

The Foundation for Pavement Preservation (FP²) is very grateful for generous support received from the Federal Highway Administration and the following industries and associations that maintains its leadership as the preeminent pavement preservation source for information in 2002:

- ▶ Asphalt Emulsion Manufacturers Association
- ▶ Asphalt Institute
- ▶ Asphalt Recycling & Reclaiming Association
- ▶ Azko-Nobel
- ▶ BASF Corporation
- ▶ California Chip Seal Association
- ▶ Ergon Asphalt & Emulsions, Inc.
- ▶ International Grinding and Grooving Association
- ▶ International Slurry Surfacing Association
- ▶ Koch Pavement Solutions
- ▶ MeadWestvaco

- ▶ Produced and distributed the publication: *A Pocket Guide to Pavement Preservation*
- ▶ Served as a catalyst in the formation of regional pavement preservation associations in California, Ohio, Michigan, and Midwest Pavement Preservation Partnership
- ▶ Received the coveted *Crystal Pace Award* for pavement preservation training videos
- ▶ Published numerous articles in the following publications: *Asphalt Contractor*, *Better Roads*, *Pavement Magazine*, and *World Highways* magazines. Total circulation: 89,000.
- ▶ Established a national center for pavement preservation
- ▶ Serve as the administrator for the Sealer/Binder Research GSB-88 that focused on studies to evaluate the effectiveness of sealers, rejuvenators, and binders for extending pavement life and performance
- ▶ Provided expert speakers and/or displayed the booth in more than 30 Pavement Preservation events worldwide including: AASHTO Legislative Briefing, Washington, DC, where Michigan Governor John Engler received the President's Award for Pavement Preservation Excellence; the International Slurry Seal Association World Conference, Berlin, Germany; Department of the Interior Conference, San Diego, CA; South Dakota and Utah T2 Conferences; National Association of County Engineers, San Diego, CA; and World Emulsion Conference, Lyon, France
- ▶ Increased branding through website enhancements such as the Tracking Matrix
- ▶ Produced CD-ROM containing speeches, technical presentations and white papers from the National Pavement Preservation Forum II, San Diego, CA
- ▶ Developing a web-based pavement preservation course in partnership with the University of Illinois. The course will be available to undergraduate and graduate students in 2003.
- ▶ Partnered with the FHWA Expert Task Group to:
 - Continue the development and presentation of four National Highway Institute courses on pavement preservation
 - Assisted with the development of the Strategic Plan
 - Provide staff support for all ETG activities
- ▶ Participated in a four-continent FHWA-sponsored Scanning Task Force for pavement preservation
- ▶ Participated in the second annual meeting of the Midwestern Pavement Preservation Partnership, St. Paul, MN
- ▶ Increased traffic at the annual hospitality suite at the Transportation Research Board, Washington, DC
- ▶ Continued publication newsletter, *Pavement Preservation Today*. Distribution: 5,000 subscribers.
- ▶ Continued active participation with the TRB, NCHRP, AASHTO, and FHWA to initiate research on pavement preservation
